

# Kayak Tour in Los Petenes

## Tour Description:

In the morning you are, according to your situation, picked up from your hotel, the bus station or the airport in Campeche and taken to the Biosphere Reserve of Los Petenes. Here you will find an extensive network of mangrove swamps unique to this region of the world and only found here as well as Cuba and southern Florida. With over 300,000 hectares of protected area, there is a large variety of flora and fauna to observe. From your kayak you will explore the beautiful swamps and observe animals such as crocodiles, flamingoes, howler monkeys, pelicans and if you're lucky even anteaters and manatees. Row quietly through the maze of red, white and black mangroves and enjoy this peaceful untouched oasis. Afterwards you are, depending on the rest of your vacation, brought to your hotel, the bus station or the airport in Campeche.
